PROPERTY MAINTENANCE REPORT – Mr. Episcopo reporting.

Mr. Episcopo stated that the committee did not meet in December. He thanked the committee for their work during the past year, noting that many things were accomplished.

- 201 Delaware Street – Work on the bricks is ongoing, and Mr. Episcopo opined that the work would be done soon. He added that the work was scheduled to be completed 3-4 weeks ago, but work to be delayed due to weather and the Spirit of Christmas event. He added that the iron railing will not be put back. During discussion, concern about not reinstalling the railing ensued. Mr. Episcopo stated that the iron railing is not historical. He added that the 100-year old hitching post will be reinstalled.
- 5<sup>th</sup> Street Library – There is a major issue in the 5<sup>th</sup> Street Library with flooding in the Rodney Room during heavy rains. A meeting is scheduled with contractors at the Library on January 10<sup>th</sup> at 10:00 a.m. to discuss what can be done. Mr. Wilson added that prior to the January 10<sup>th</sup> meeting the roof will be inspected to determine why the water is coming in during Nor'easters. Ms. Masiello noted that there are two areas that do not have gutters that created sink-holes, which she opined ties into the roof issues.
- Budget – The committee will discuss the budget at the January meeting. The Fern & Fern Report will be used as a guide.
- Red Tail – Mr. Wilson stated that he would like to discuss this matter during executive session as a matter of real estate.
- Historical Properties – Mr. Wilson stated that he would like to discuss the Trust's historical properties in executive session as a matter of real estate.

that the project is on hold. Mr. Wilson noted that line item should state “Installing Bollards”. Messrs. Wilson and Baldini will be making a presentation to the Historic Area Commission (HAC) regarding the bollards. Mr. Baldini noted that HAC is requesting more ornate bollards than the round bollard recommended by the Trust. Mr. Wilson noted that the less ornate style of bollard makes the river the focal point instead of the bollards.

#### OTHER COMMITTEES

There was no report from the committee. It was noted again that the Battery Park Committee is a requirement of the Charter.

Mr. Episcopo noted that the bathrooms have been locked and appropriate signage installed.

Ms. Snapp-Danberg added that information regarding case law was revised at the request of the DOJ. Mr. Wilson stated that his vote was based on the fact that he did not have an opportunity to read the revised document and not that he disagreed with the motion.**

**Mr. F. DeAscanis – Yes**

**Mr. Episcopo – Yes**

**Mr. C. DeAscanis – Yes**

**The motion passed with a vote of nine in favor and one opposed.**

Procedure 13.01 C – The committee proposes that a new Procedure 13.01 C be created to clarify the requirements of being a Trustee for individuals declaring candidacy for a seat on the Trust Board and that the current Procedure 13.01 C becomes Procedure 13.01 D:

Procedure 13.01 C: Also, at the time of filing the candidate must come to the Farm and be given a hard copy of the Trust Bylaws, Policies and Procedures. The candidate must read the document while at the Farm. Next, the candidate must sign the form affirming that they will follow these Bylaws, Policies and Procedures. The hard copy must be returned before leaving the Farm.

Mr. Gallagher reminded the Board that the Outreach and Maintenance budget reports are due to him by the end of February, 2024. He asked that if financial reports are reviewed that the committees review the budget before drawdown report is reviewed.

Next Board Meeting

The next Board meeting is Tuesday, February 6, 2024, at 7:00 p.m.

COMMUNICATIONS – Mr. Alfree reporting.

- Mr. Alfree reported that thank you letters were received from:
  - Barbara Quillen's family.

Trustees of the New Castle Common  
Minutes of January 2, 2024

- The Lions Club on behalf of Lafayette Moore.
- Good will Fire Company on behalf of their annual grant.
- Arasapha Garden Club on behalf of their wreath program.
- Mr. Alfree reported that thank you letters were received from two recipients of the Trust Scholarship Program. He read the letters from Emily Riale and Abby McElroy into the record. Mr. Alfree noted that both letters not only expressed their appreciation for the opportunity the grant funds afforded them, but were indicative of the commitment of the Trustees of the New Castle Common to the youth of New Castle.
- Mr. Wilson stated that in 1995 he began a communication process with the citizens of New Castle by sitting on a bench at 3<sup>rd</sup> and Delaware Streets once a quarter, and continued that for approximately 12 years. When he became President of the Board he added Public Comment to the Agenda in the hope that it would afford a better avenue for citizens to communicate with the Trustees. He stated that recently he has seen nothing productive come from public input and as a result of the negativity being heard during public comment; he felt it was his responsibility to stop public comment at Board meetings that are open to the public.

**Mr. Wilson made a motion that the Board approve removing Public Comment from the Agenda of Board meetings that are open to the public moving forward. The motion was seconded by Mr. Yacucci.**

A discussion ensued of how, if the motion carried, the information should be communicated to the community. During discussion it was noted that many public comments are inappropriate and that Public Comment has become a platform to express issues unrelated to the Trust or to Trust business. Mr. Alfree noted that the Board members were elected by the public to manage the Trustees of the New Castle Common; and he takes exception to comments from the public that have nothing to do with Trust business. It was suggested that all questions/comments be sent directly to the Trust Office to be directed to the appropriate Committee for review and response if a response is warranted. Mr. Taylor recommended that if the Board votes to eliminate Public Comment that meetings continue to be open to the public on a quarterly basis. Mr. Wilson suggested that if a committee deems it appropriate that a question/comment be discussed during the meeting, that the author be invited to attend and present their input. Mr. Alfree recommended that appropriate wording for the website be drafted. Mr. C. DeAscanis recapped his understanding of what the Board intends:

- A public meeting will be held every 3 months (quarterly); and
- Members of the public will not be permitted to speak unless a communication stating their question/comment has been received by the Trust in advance of the meeting and an invitation to speak has been sent to the author by a committee chair.

**A roll-call vote was taken:**

**Mr. Yacucci – Yes**

**Ms. Masiello – Yes**

**Mr. Baldini – Yes**

Trustees of the New Castle Common

**Ms. Corcoran – Yes**

**Mr. Wilson – Yes**

**Mr. F. DeAscanis – Yes**

**Mr. Episcopo – Yes**

**Mr. C. DeAscanis – Yes**

**The motion passed unanimously.**

- Mr. Alfree stated that he would be distributing an Officer of Interest form to each of the Board members. The forms are due back in a few weeks and should be returned regardless of whether or not you have interest.

A motion was made by Mr. Wilson to move to executive session to discuss matters of real estate. The motion was seconded by Mr. Gallagher and unanimously carried. The meeting moved to executive session at 8:15 p.m.

President's Communication

There was no report from the President.

Update on the Department of Justice

Ms. Snapp-Danberg gave an update on the Department of Justice (DOJ). The DOJ has recommended some disclosures in the 990 tax return to clarify that the fiduciary obligations of the Trust are both as Trust officers and as a corporate entity. Third party disclosures should always include this explanation whenever communicating with third parties. Ms. Snapp-Danberg opined that this will facilitate the resolution agreement with the DOJ.

Ms. Snapp-Danberg and Mr. Gallagher responded to questions from Board members regarding the role of the Trust.

Ms. Snapp-Danberg added that the DOJ has the right to ask questions to bring any claims or actions for fiduciary breaches against the Trustees of the New Castle Common and to ask questions to assure themselves that there are no issues.

Trustees of the New Castle Common  
Minutes of February 6, 2024

In response to a question from Mr. Gallagher, Ms. Snapp-Danberg explained that another investigation could be initiated by the DOJ if they feel a complaint rises to the level that would warrant such an investigation.

In response to a question from Mr. Wilson, Ms. Snapp-Danberg further explained that there has been no accusation and no criminal charges have been brought; and the DOJ's investigation is to determine if anything can be improved to avoid charges being filed.

LAND MANAGEMENT COMMITTEE REPORT – Mr. Alfree reporting.

- 201 Delaware Street – Mr. Alfree reported that an informal group in New Castle is interested in using the top two floors of 201 Delaware Street to benefit the residents of New Castle. Possible uses include plays and art classes. Mr. Alfree emphasized to them that residents of New Castle should be given priority for any classes that may be offered. They submitted a grant request; however, because they are not yet a formal entity no grant funds can be awarded. They are also working with the New Castle Historical Society and the New Castle Community Partnership. Mr. Alfree advised them that they would need to get insurance and pay the bills associated with the site. Mr. Taylor added that the group would be responsible for coordinating and advertising all events. This is predicated on the group becoming a formal entity, and if it moves forward Mr. Taylor will draft a License Agreement. Mr. Wilson noted that the Trust went to extreme lengths to restore the building historically and nothing should be done to the premises to affect that, such as painting, staging, sound system, lighting, etc. The Police are also interested in doing Community Police Academy training there.

prevent ATVs from accessing the path. Mr. Marinelli noted that MSC and the Trust will have keys to open the gate that will be installed at School Lane.

- Gregory Auto – It was clarified that Gregory Auto is still open for business.

PROPERTY MAINTENANCE REPORT – Mr. Episcopo reporting.

Mr. Episcopo thanked the committee members for their work.

The contractor engaged to repoint the bricks has submitted an Application to the Historic Area Commission (HAC) for review.
- Farm Stand – The police responded to a report of people on the roof of the Farm Stand. The Trust handyman inspected the roof and it did not appear that any damage was done. - Flooding – Mr. Episcopo reported that there has been extreme flooding behind the Lunt and Smith residences. Temporary mitigation was discussed. Mr. Alfree noted that Mr. Taylor has been researching ownership of the 20' +/- area between the Lunt property and the Trust property that the Trust has maintained for 20+ years, and the possibility of a claim of adverse possession.
- Ft. Casimir Park – Mr. Wilson reported that No Parking signs have been installed at the Ft. Casimir Park area at the end of Chestnut Street. He recommended that if vehicles are seen there it be reported to 911. Mr. Wilson gave a brief history of the Trust's efforts to install bollards and noted that he and Mr. Toner met with a representative of a company that creates poles manufactured with plastic that look exactly like wood. Mr. Alfree suggested that a request be made to the City to give the area an official designation, and several options were discussed. In response to a question from Mr. Toner, Mr. Baldini stated that the Trust is on the HAC Agenda for the 5<sup>th</sup> Street Library and for the Market Square Brick, but not for the bollards. Mr. Toner noted that residents are extremely frustrated with cars driving on and/or parking in that area. Mr. Wilson noted that MSC may put some telephone poles in the area to deter cars from accessing the area.

**A motion was made by Mr. Toner that a Trustee be empowered to discuss putting telephone poles at the Ft. Casimir Park area with MSC. The motion was seconded by Mr. Alfree and unanimously carried.**

Mr. F. DeAscanis will reach out to MSC.

- Purple Martin Birdhouses – Mr. Wilson reported that the community has installed Purple Martin birdhouses. The last one is on Trust property and Mr. Wilson asked the Trustees to grant permission for the birdhouse to be installed on Trust property. There was no opposition to the request.

Mr. Baldini reviewed the preliminary report, pointing out several overruns. The projection for next year should be more in balance.

Mr. Gallagher noted that a copy of the Approved 2024-25 Budget was placed in each of the Trustees' office mailboxes. The Board members were reminded that the document is confidential.

OUTREACH COMMITTEE REPORT – Ms. Masiello reporting.

The committee did not meet in March. Ms. Masiello reported that work on the grants is going well.

Mr. Alfree noted that Ms. Panzarella will be sending out letters to each grant requester. Ms. Masiello will submit a draft of the two letters discussed during the budget meeting to Board members and Mr. Taylor for review.

Mr. Baldini noted that the qualifications are very broad and inclusive.

### **PROCEDURE VII. DISCIPLINARY ACTIONS**

Section 8.01 The Board will administer disciplinary actions, which may be up to, and including, “forced resignation” from the Board.

Mr. Baldini opined that “forced resignation” should be changed to something with more finality, i.e., “termination of service”. He further opined that if the matter is so severe that it must come before the Board, then it is serious enough to consider termination of services; and that responsibility should lie with the Board, not with the offender.

Mr. Baldini asked that comments be submitted to all committee members. A vote on the committee’s recommendations will be held at the May Board meeting.

### **Election Committee – Mr. Wilson reporting.**

Mr. Wilson reported that everything is in place for the April 13<sup>th</sup> election. The polls will be open from 10:00 a.m. until 4:00 p.m. There are three candidates: Laura Fontana, Phil Gross, and Regina Marini. Bill Robinette withdrew his name from the election. Minutes

4/2/24 TNCC Meeting Minutes – **Mr. Gallagher made a motion to approve the 3/5/24 TNCC Meeting minutes as submitted. The motion was seconded by Mr. Clayton and was unanimously carried.**

Treasurer's Report – Mr. Baldini reporting.

*Treasurer's Reports were sent out prior to the meeting.*

March Report – Mr. Baldini stated there is nothing significant to report on the March report.

April Report – Mr. Baldini noted that the April report reflects a number of items from prior year that were completed in March 2024. He pointed out several items of note:

- Under disbursements for Battery Park, Antonio's Lawn Service (\$4,380) is a combination of landscaping, mowing, rip-rap work, and storm damage. The committee will meet with Antonio's to have that item broken out to reflect individual items.
- T's Railing & Iron (\$1,200) is for fencing that will go in on 2<sup>nd</sup> Street and was erroneously listed under 5<sup>th</sup> St. Library. Mr. Episcopo explained the work that was done at the 5<sup>th</sup> Street Library (\$4,000) to clean the downspout.

**A motion was made by Mr. Gallagher to accept the Treasurer's Report as submitted. The motion was seconded by Ms. Masiello and was unanimously carried.**

LAND MANAGEMENT COMMITTEE REPORT – Mr. Alfree reporting.

- Korean Baptist Church – The lease ends November 30, 2024. Mr. Marinelli sent a letter to the church to determine their intent.
- School Lane Project – Work will commence on May 20<sup>th</sup>. This is a State project. The concern is that the property is adjacent to Penn Farm and some fencing may be necessary.
- St. Peter's Triangle – The committee is waiting to hear from Colm DeAscanis.
- Gregory Auto / Verizon / Shell Station / 326 – Mr. Taylor is working on the leases. The environmental work is complete and there will be a clean out of the oil separators in the Verizon and Gregory sites. Mr. Alfree opined the cost will be a few thousand dollars.
- Penn Mart Shopping Center Lease Extension – The committee received a draft of the appraisal for the Penn Mart Shopping Center lease extension. Mr. Taylor will review it.
- 6<sup>th</sup> Street Bridge – Mr. Marinelli explained that the State hired PFK Construction to do work on the 6<sup>th</sup> Street Bridge over the Broad Dyke, and the Trust will lease them a paved area of approximately 1/2 acre in the Dialysis Center complex for approximately two months to store equipment.
- Library – Mr. Marinelli located some documents and will be working with Janet at the Library to clarify ownership of the Library.
- Old Library and 201 Delaware Street – Representatives from the State were on site yesterday and it appears that they have interest in the two buildings. Mr. Wilson noted that details will need to be negotiated.

Mr. Taylor used the Korean Baptist Church site as an example of how a lien against a tenants' equipment and inventory and the lease as the Trust's tenant does not impact the Trust's lease. During discussion it was noted that the tenants own the buildings that are on Trust property, and the ground leases state that any loans tenants take out using the buildings as collateral is in no way a lien on the Trust's fee simple interest in the dirt.

PROPERTY MAINTENANCE REPORT – Mr. Episcopo reporting.

- Battery Park Rest Rooms – Messrs. Episcopo, Baldini, and Clayton met with City Administrator Antonina Tantillo and Police Chief Richard McCabe. While the restrooms are closed the City had port-a-potties installed in Battery Park. Mr. Baldini elaborated on what was discussed during the meeting; including security and collection of data for the past three years on how many times and when the restrooms have been vandalized. With this data, Chief McCabe stated he would be able to better schedule patrols. The Chief also stated that all incidents should be reported, regardless of how insignificant they may be. Mr. Baldini opined that the City Administrator was very receptive and positive during the meeting.

Mr. Wilson questioned if the Trust ever took ownership of the restrooms and suggested that the Minutes be reviewed to determine what the intent was when the restrooms were built. A discussion of the responsibility of the Trust to maintain the park ensued during which Mr. Baldini stated there is no definition of maintenance or an inventory of what the Trust should be maintaining. Ms. Corcoran suggested that any motion should include the time the restrooms would be open. Further discussion included the playground and improvements completed and proposed by the Playground Subcommittee; and the responsibility, if any, of the Trust to maintain those improvements. Mr. Taylor stated that the Trust needs a written agreement with the City. Mr. Gallagher opined that more investigation is required before a motion on the matter is considered and suggested that the Trust and the City meet to discuss points of negotiation.

**A motion was made by Mr. Episcopo to have the restrooms reopened and the Property Management Committee to go forward to determine when the restrooms will be open and closed and other work that is required.**

After discussion, Mr. Episcopo amended his motion:

**A motion was made by Mr. Episcopo to have the restrooms reopened.**

Ms. Corcoran clarified that she did not mean hours the restrooms were to be open, but rather the length of time the restrooms would remain open before the Trust and the City would have further negotiations. Mr. Taylor stated that was not part of the motion on the floor. Mr. Episcopo explained his position that if the motion on the floor is passed, the committee would pursue specific issues with the City that he has compiled. Discussion of the broadness of the motion ensued, during which Mr. Gallagher stated that if there is a very ambiguous motion, it is the responsibility of the Board to vote no.

After discussion, Mr. Episcopo amended his motion:

**A motion was made by Mr. Episcopo to have the restrooms reopened from 6:00 a.m. until 9:00 p.m. and to have the PMC proceed to repair the doors and magnetic lock.**

During further discussion, Mr. Toner suggested that this matter be tabled. Ms. Corcoran suggested that the City be told the restrooms will remain open until the Antique Show in August. Mr. Baldini stated that the Trust's obligation is to the citizens and not to the City and that the City Administrator is trying to work with the Trust.

Mr. Taylor stated his understanding that Board members who have had discussions with the City Administrator feel this could be the opportunity to resolve items on Mr. Episcopo's list. Messrs. Baldini and Episcopo concurred, and Mr. Taylor suggested that they should take this opportunity to have that discussion with the City; and part of those discussions is to reopen the restrooms. Mr. Episcopo opined that any discussion should be held prior to the City's budget being approved. Mr. Wilson stated his position that his obligation is to the residents of the city. Mr. Toner reiterated Mr. Wilson's suggestion that it be determined if the Trust built the restrooms for the City or for the Trust.

**Mr. Clayton seconded the motion on the floor.**

The hours the restrooms would be open was debated.

**A motion was made by Ms. Corcoran to table the motion on the floor. Mr. Toner seconded the motion.**

Mr. Taylor stated that the motion to table becomes the motion of precedence and the motion to table is to be voted on first.

After discussion, Ms. Corcoran amended her motion:

**A motion was made by Ms. Corcoran to table the motion on the floor to a Special Board Meeting to be held on June 10, 2024.**

**A roll-call vote was taken:**

**Mr. Toner – Yes  
Mr. Yacucci – Yes  
Ms. Masiello – Yes  
Mr. Baldini – Yes  
Mr. Clayton – Yes  
Mr. Gallagher – Yes  
Mr. Alfree – Yes  
Ms. Corcoran – Yes  
Mr. Wilson – Yes  
Mr. F. DeAscanis – Yes  
Mr. Episcopo – Yes  
Mr. C. DeAscanis – Yes**

**The motion passed unanimously.**

Mr. Episcopo confirmed his understanding that with the motion being tabled the only work to be done at the restrooms at this time is fixing the magnetic lock.

- 201 Delaware Street – The Market Square behind 201 Delaware Street was used successfully during the opening of the Sheriff's House and May Market.
- 5<sup>th</sup> Street Library – Mr. Episcopo stated his hope that with the recent repairs the building will not leak. The Trustees started painting the railings and the outside door, and is waiting for permission from the Tree Advisory Commission (TAC) to remove the tree on the side. Mr. Toner detailed the work that was done by Rain Drainz at the 5<sup>th</sup>

Street Library. Mr. Baldini stated that the TAC voted yes to having the tree removed and it is on the schedule.

- Lundt Trustee Property – The committee received data from the engineering firm and they will meet with the engineer about next steps.
- Ft. Casimir – Mr. Wilson distributed a map delineating the area being proposed as the Ft. Casimir Site Park.

**A motion was made by Mr. Wilson to have the Board officially adopt the name “Ft. Casimir Site Park”. The motion was seconded by Mr. Toner.**

After discussion of the legal obligations Mr. Wilson amended his motion:

**A motion was made by Mr. Wilson to petition the City to officially name the area “Ft. Casimir Site”. The motion was unanimously passed.**

Mr. Baldini cautioned the Board using the word “site”, referencing how the Historic Area Commission (HAC) uses the word “site”; which is the word they have used when considering Delaware Street and the bollards.

- Society of Colonial Wars – Mr. Wilson stated that the Society of Colonial Wars will be holding a dedication ceremony for the Ft. Casimir Monument on Thursday, June 20<sup>th</sup> at 3:30 p.m. The Trustees are invited to attend. A ceremony at the 3<sup>rd</sup> Street Library will follow the dedication. This is in conjunction with the Historical Society starting an exhibit. Mr. Wilson read an excerpt from the letter stating its appreciation for the Trust’s support. The Commandant of Sweden and the Ambassadors of the Dutch, Swedish and British embassies have been invited to attend the ceremony.
- Bollards – Mr. Wilson stated that HAC has not moved on their request and will not tell the committee what they do want. John Wik approached the committee as a representative of a company that recycles plastic bags and makes 4x4s that look exactly like wood. The committee is proposing that they be used as the bollards, placed 4’ apart with a cap on them. From a distance of 15’-20’ they are indistinguishable from wood. The committee is attempting to get an audience with HAC.
- 201 Delaware Street - Mr. Baldini noted that Mr. Zubaca suggested to him that a chess set similar to what many other cities have installed in their parks would be a nice addition to the Market Square. Mr. Baldini opined that it would be a good idea to have the area used more than twice a year for events (May Market and Spirit of Christmas), and asked that any Board members were interested in pursuing this suggestion contact him. Mr. Taylor added that most of the chess areas in other city parks are stone or concrete tables and chairs and users bring their own chess pieces.

#### FINANCE COMMITTEE REPORT – Mr. Baldini reporting.

Mr. Baldini reviewed the report.

Mr. Wilson thanked Mr. Gallagher for his hard work on the Finance Committee.

OUTREACH COMMITTEE REPORT – Ms. Masiello reporting.

- Grants – Ms. Masiello asked how she should respond to a letter received from the Buttonwood School asking why the Trustees have asked for proof of ownership of the school. Ms. Masiello also stated that the Trust should have the right of first refusal if the property is sold and the letter should have included that stipulation. Mr. Alfree stated that he changed the letter, noting that the right of first refusal was for the Progressive Club, but not for the Buttonwood School. Ms. Masiello will respond that providing proof of ownership is a requirement of the Trust and invite a representative of the Buttonwood School to attend an Outreach Committee meeting if they have questions.

Election Committee – Mr. Wilson reporting.

Mr. Wilson reported that the election is scheduled for June 1<sup>st</sup> from 10 a.m. to 4 p.m. Workers have been notified, machines are approved, and early voting has begun. Early voting is being received very well. The Ladies Auxiliary will provide lunch for the workers and Board members.

Communications – Mr. Alfree reporting.

- Committee Assignments – Committee assignments will begin on July 1<sup>st</sup>. The bylaws require that the executive committee plus Mr. Wilson as the senior Trustee will meet and report back as to what committees Board members will be on. **A motion to accept the Treasurer's Report was made by Mr. Wilson, seconded by Ms. Masiello and unanimously carried.**

LAND MANAGEMENT COMMITTEE REPORT – Mr. Alfree reporting.

Mr. Alfree noted that there was no committee meeting in May. He provided updates on several ongoing matters.

- Penn Mart Shopping Center Lease Extension – The appraisal has been done and a copy of the Trust appraisal has been submitted. Notification was given that the Trust appraisal will be the Trust position as the new 10-year lease is negotiated. Mr. Alfree opined that the lessee will probably have their own appraisal done and a third party appraisal will be conducted.
- St. Peter's Triangle – The committee is waiting to hear from Colm DeAscanis.
- School Lane – The School Lane project has begun.
- Glacier Auto – The lessee has been given their increase letter for the next five years.

PROPERTY MAINTENANCE REPORT – Mr. Episcopo reporting.

The committee will continue meeting through the summer.

- Battery Park – A large limb blocking the view of the bandstand will be taken care of.
- Geese in Battery Park – Mr. Toner reported that the committee has investigated numerous methods to deter geese. He recently contacted Away With Geese via email, a firm that provides a pulsing light product that, according to their web page, puts the geese on high alert and disrupts their ability to sleep. This permanently alters the feel of

the habitat and the geese will leave to find a new habitat. The cost of each unit is \$400. They offer a 90-day risk-free trial, and if results are unsatisfactory, the units can be returned within 180 days. A representative from Away With Geese looked at the property on the internet and proposed eight (8) units to be placed along the walking path. Mr. Toner responded to questions from the Board. Mr. Episcopo noted that many people feed the geese bread, which is very detrimental to their health. The committee will continue discussions with Away With Geese. During further discussion, it was noted that geese sleep on the water.

Mr. Toner added that he and Mr. Episcopo will be meeting with the City Administrator and City Council President in June regarding Battery Park.

- Ft. Casimir – Mr. Wilson reported that Mr. Marinelli had the survey completed.
- 5<sup>th</sup> Street Parking Lot – Landscaping will be done by the end of the week.
- 3<sup>rd</sup> Street Library – The hand rails have been wire-brushed and will be repainted. The skylight will be cleaned at the conclusion of the expo. Mr. Wilson stated it will be a major undertaking.
- The Meadows –
  - Bull Hill is in great shape. The purple flowers that bloom there are an invasive species and when they bloom in mid-August a cut-and-kill will be done on that field. There will be a planting for fall growth.
  - The triangle is in great shape as well. There are no invasive plants in there.
  - Dobbinsville North (river side) and South on Rt. 9 (old softball field site) – A wheat weed is growing in the South meadow and it looks good. The North meadow is very healthy. Both will be ready for winter cuts in late December.
- Little League – The maintenance shed has been redone. Several problem lights in the parkway will be worked on.
- Lundt Trustee Property – The committee is still working on this site.
- 201 Property – The railing on 2<sup>nd</sup> Street that was taken down will be replaced in June.
- Bollards – Mr. Wilson reported that Eco Products of Delaware makes a wood simulated property marker, and a sample of the product was provided to Mr. Bergstrom. Eco Products can provide twelve (12) 2' high property markers with "TNCC" burned into them for \$600. Those markers will be placed along the property lines as parcels are surveyed.

**Mr. Wilson made a motion to approve PMC ordering property markers and to use them going forward.**

Mr. Wilson stated the markers are 4" x 4", and they would be installed close to where survey pins are installed. In response to a question from Mr. Toner, Mr. Wilson said that Mr. Bergstrom stated that using a wood simulated product for property markers is acceptable.

**The motion on the floor was seconded by Mr. Toner.**

During further discussion, Mr. Wilson stated that the markers would be cemented into the ground.

**Mr. Alfree also seconded the motion, and it was unanimously carried.**

- The committee met with Mr. David Salter about his grant not being approved. Ms. Masiello stated that it was a good meeting and opined that Mr. Salter will submit more requests.
- In response to a question from Mr. Gallagher, Ms. Masiello stated that she has not heard back from Buttonwood School.

OTHER COMMITTEES

Battery Park Committee – Mr. Clayton reporting.

- The summer program for children will begin in mid-June.
- The Department of Fish and Wildlife approached the committee with a courtesy request for permission to band geese on the Delaware River. Mr. Clayton stated that the committee has no purview over the river.

Bylaws Committee – Mr. Gallagher reporting.

Policy 12.03 and Procedure 12.03

Mr. Gallagher stated that no comments were received for the proposed changes to Policy 12.03 that was presented to the Board at the May 7, 2024, meeting.

Mr. Episcopo suggested that the limit to require obtaining three bids be raised from \$5,000 to \$10,000. Mr. Gallagher noted that raising the bid limit is not relevant to the proposed changes before the Board, and stated that the committee will review Mr. Episcopo's suggestion.

**Mr. Gallagher made a motion to accept Policy 12.03 and Procedure 12.03 as presented. The motion was seconded by Mr. Toner and a roll-call vote was taken.**

Procedure XIII – Election of Board Members – The committee proposed changes to Procedure XIII – Election of Board Members suggesting removal of the 50% plus 1 margin of victory requirement (*copy in RED to be deleted; copy in BLUE to be added*):

PROCEDURE XIII – ELECTION OF BOARD MEMBERS

5. Election Process – Counting the Ballots

- A. On the final Saturday, the Election Committee shall verify all properly cast ballots and shall inform the Board Secretary of the results.
- B. The Board Secretary shall announce the results of the vote. If a victor is declared, the President shall then swear the new Board Member to the Trustee Oath.
- C. If the vote total is tied, **or a 50% plus 1 margin of victory is not achieved**, a run-off election shall be announced and voting shall be conducted with the same procedures; **otherwise the candidate with the most votes wins.**
- D. Ballots will be maintained at the Trust office for five (5) business days for review by Candidates.

Mr. Gallagher stated that the Blue Book says “elected” and makes no mention of the 50% requirement. Committee discussion included the stakeholders involved; that the candidates cannot appreciate campaigning for an additional two months; the added expense to both the candidates and the Trust; and the need for voters to vote in the same election twice.

Mr. Wilson stated his opposition to the change, stating that removal of the 50% plus 1 requirement would mean that a Trustee could be elected by winning only a marginal percentage of the populous vote. He stated that the reasons the forefathers put in the 50% plus 1 requirement was that the people would know that someone sitting on the Board for 12 years would have a majority of vote of the people who voted. Mr. Gallagher stated that the requirement was Board approved, but was not set by the Trust forefathers. Removing the 50% plus 1 requirement was debated by the Board.

Mr. Gallagher thanked the Board for a good, spirited debate and asked Board members to submit their recommendations to the committee.

Mr. Alfree noted that another election is not scheduled until December 2025, and the proposal will be brought up again at the September Board meeting which will give the Board members the summer to consider the committee’s proposal.

Election Committee – Mr. Wilson reporting.

Mr. Wilson stated that a great election was conducted with two excellent candidates. A total of 643 votes were cast.

Regina Marini – 373 votes  
Laura Fontana – 273 votes

Mr. Wilson asked the President to extend the ad hoc committee for the summer so the Voter Registration List can be updated. The ad hoc committee will have its report for the September meeting. Mr. Alfree suggested that to mark the event for the record, it be stated that as of the June 1<sup>st</sup> 2204 election, the Election Committee is dissolved; however, the President will continue the Election Committee for three months.

Mr. C. DeAscanis stated that with the June 1<sup>st</sup> electing being over, he would like to keep the Election Ad Hoc Committee active for three (3) months. Mr. C. DeAscanis asked Ms. Marini if she would join the Election Committee, and she agreed. Mr. Wilson stated that the committee would continue to meet during the summer and present a full report to the Board in September.

Strategy Committee – Mr. Gallagher reporting.

- 201 Delaware Street – The committee is considering several options for 201 Delaware Street, including an additional option that might be more financially beneficial to the Trust.

The next Board meeting is Tuesday, September 3, 2024, at 7:00 p.m.

- Penn Farm – Mr. Alfree noted that the soy beans have sprouted and stated that Mr. Paul Lester is doing a wonderful job with the farm.

Mr. Yacucci volunteered to be the fifth member of the LMC.
- Fort Casimir Dedication – Mr. Wilson distributed a notice of The Society of Colonial Wars in the State of Delaware announcing the public dedication of its 2024 Monument

Several notable dignitaries will be in attendance, including the Consulate from The Netherlands and the Assistant Ambassador from England. Judge Cooch is managing the dedication event.

- Shore Line – The Army Corps of Engineers inspected the shoreline from the Boat Yard to the end of the pathway with Mr. Bergstrom, and the Trust received an excellent rating.
